WHAT OUR CLIENTS SAY

★★★★★

I don't know how us four siblings could have done the split of our parent's vast amount of stuff without it. We all live in different places and aren't necessarily the best at getting along. Getting everything done through your program was huge.

- Margot S. -

★★★★★

I definitely recommend using the Admin Service if you have multiple Divisees (heirs) and one of them is the Executor. Again, thanks David M. for the excellent service.

- Martin S. -

★★★★★

The program was easy to use. David was very responsive to scheduling requests and answering questions, plus the guide has lots of information. There were absolutely no complaints about what each person got and one sibling remarked that using the program was 'brilliant'. I'm a very pleased customer!
